WR-1 Foam / Rinse W/ Pistol Grip Gun Kit

MODEL: AF 975127

OVERVIEW

The WR-1 Foam / Rinse System is a combination medium volume airless foam applicator with a rinse mode. This venturi injection system uses standard city water pressure (35 - 125 PSI) to draw and blend chemical concentrate into the water stream to create an accurately diluted solution. The solution then flows through the discharge hose to the airless foam wand which draws in atmospheric air to create and project wet, clinging foam on to any surface up close or at distances up to 6 feet. Quick connect the pistol grip gun to rinse at full pressure.

Key Features

- Foam and Rinse with one convenient system
- Designed for foam cleaning and rinsing medium to large sized areas where compressed air is not available
- Projects wet, clinging foam which increases chemical contact time and effectiveness
- Foaming expands the chemical and reduces over-application by providing visual assurance of coverage
- Quick connect the pistol grip gun to rinse at full pressure
- Chemically resistant components ensure years of outstanding performance with minimal maintenance
- Use it where 35-125 PSI water is available

Includes

- Machined polypropylene manifold and injector body
- Ball valves to alternate between foaming and rinsing
- 20 color-coded precision metering tips to set dilution ratios
- 50' discharge hose and quick connect ball valve
- Quick connect polypropylene airless foam wand
- Quick connect insulated pistol grip gun with PVDF fan nozzle and nozzle protector

Options

Large Stainless Steel Hose Rack	# 224150
Stainless Steel Jug Racks	
Jug Rack, SS, 1 Gallon, Round/Square	# 224200
Jug Rack, SS, 2 1/2 Gallon	# 224210
Jug Rack, SS, 5 Gallon	# 224215
Lid & Suction Hose for 1 & 5 Gallon Pails	
Pail Lid Suction Hose Assembly	# 709101
Alternate Check Valve - EPDM Standard	
Check Valve, Chemical, PP/Viton, 1/4"	# 491315

APPLICATIONS

- Supermarkets
- Deli's
- Agriculture/Horticulture
- Animal Health
- Vehicle Wash
- Dairy
- Hatchery
- Industrial
- Janitorial/Sanitation
- Pharm/Bio
- School Hygiene
- Any Wash/Rinse Application!

REQUIREMENTS

Chemical Concentrate

Water	
Temperature	up to 160°F
Pressure	35 - 125 PSI
Flow	4 GPM @ 40 PSI
Supply Line	1/2"
Hose	
Foam	1/2'' x 50'
Rinse	1/2'' x 50'
Nozzle	
Foam	A-25 Airless Foam Wand
Rinse	2550
