Portable WR-2 Foam / Rinse / Sanitize W/ SmartWand

MODEL: AF 975297

OVERVIEW

The Portable WR-2 Foam/Rinse/Sanitize System is a combination medium volume airless foam/rinse/sanitizer applicator featuring the unique all-in-one SmartWand™. Featuring an all stainless steel cart assembly, this venturi injection system uses standard city water pressure (35 - 125 PSI) to draw and blend chemical concentrate into the water stream to create an accurately diluted solution. The foaming solution then flows through the discharge hose and the SmartWand™ which draws in atmospheric air to create and project wet, clinging foam on to any surface up close or at distances up to 6 feet. Simply open the appropriate ball valve and rotate the SmartWand™ to use the fan pattern spray setting to apply sanitizer or to rinse at full pressure.

Key Features

- The SmartWand™ is a unique all-in-one device for alternating between airless foam, rinse and sanitizing
- Designed for foam cleaning, rinsing and sanitizing medium to large sized areas where compressed air is not available
- Projects wet, clinging foam which increases chemical contact time and effectiveness
- Foaming expands the chemical and reduces over-application by providing visual assurance of coverage
- The sanitizer and rinse are projected in a fan pattern for even coverage
- Chemically resistant components ensure years of outstanding performance with minimal maintenance
- Use it where 35-125 PSI water is available

Includes

- All stainless steel 4-wheel cart with integrated hose rack
- Non-marking tires with stainless steel swivel casters
- 2 stainless steel, round, 5 gallon jug racks (square optional)
- Machined polypropylene manifold and injector body
- Machined polypropylene SmartWand™
- Ball valves for alternating foaming, rinsing and sanitizing
- 20 color-coded precision metering tips to set dilution ratios
- 50' discharge hose and ball valve

Options

5 Gallon Pail Pail, 5 Gallon Round W/ Suction Stem	# 709105
Lid & Suction Hose for 1 & 5 Gallon Pails Pail Lid Suction Hose Assembly	# 709101
Square Jug Rack Conversion Specify Round or Square Jug Racks at time of order	
Alternate Check Valve - EPDM Standard Check Valve, Chemical, PP/Viton, 1/4"	# 491315

APPLICATIONS

- Supermarkets
- Restaurants
- Agriculture/Horticulture
- Janitorial/Sanitation
- Pharm/Bio
- Any Foam/Rinse/Sanitize Application!

REQUIREMENTS

Chemical Concentrate

Water	
Temperature	up to 160°F
Pressure	35 - 125 PSI
Flow	4.0 GPM @ 40 PSI
Supply Line	1/2"
Hose	
Foam	1/2'' x 50'
Rinse	1/2'' x 50'
Sanitize	1/2'' x 50'
Nozzle	
Foam	SmartWand
Rinse	SmartWand
Sanitize	SmartWand
