

Model 50 Compact Sprayer (32oz)

MODEL: AF 969850-B32

OVERVIEW

The Model 50 Compact Sprayer is a medium volume hose-end spray applicator for diluting and applying chemicals to any surface up close or at a distance. This unit uses standard city water pressure to draw chemical concentrate from the attached bottle and blend it into the water stream. This accurately diluted solution is then projected through the recessed fan nozzle.

Key Features

- Accurately dilutes chemical concentrate and applies it as a medium-volume spray
- Durable! Injector body is machined in the USA, not molded
- Outlasts and outperforms similar molded plastic products
- Quick disconnect the bottle and spray assembly to rinse
- With less than half the flow rate of competing models, you save money
- Light, 32oz bottle reduces wrist and arm fatigue as well as the risk of repetitive strain injuries
- No moving parts! Venturi action dilutes chemical consistently with precision metering tips
- Great performance with water pressure as low as 20 PSI
- Recessed fan nozzle for protection and fast coverage
- Impact resistant lid stands up to substantial abuse

Includes

- Machined polypropylene injector body
- 32oz wide-mouth, HDPE bottle
- Heavy-duty blue bottle lid (*red, yellow, or green optional*)
- 20 color-coded precision metering tips to set dilution ratios
- Trigger gun with quick disconnects for rinsing
- Teflon fan nozzle with nozzle protector

Options

Stainless Steel Hose Racks

Large	# 224150
Small	# 224145

Additional 32oz Bottles

Bottle, 32oz	# 709082

REQUIREMENTS

Chemical Concentrate

Water

Temperature	up to 160°F
Pressure	20 - 100 PSI
Flow	2.3 GPM @ 40 PSI
Supply Line	1/2"

Nozzle

2550

APPLICATIONS

- Food & Beverage
- Agriculture/Horticulture
- Animal Health
- Vehicle Wash
- Dairy
- Food & Beverage
- Hatchery
- Industrial
- Janitorial/Sanitation
- Military
- Pharm/Bio
- Supermarkets
- And Many Other Applications!
