

Portable 16 Gallon Small Area Cleaning System (SACS)

MODEL: AF 975350

OVERVIEW

The Small Area Cleaning System (SACS) is a self-contained low volume Foam/Rinse/Sanitize cleaning system for multiple chemical applications. This convenient system uses a re-chargeable battery and 12V pump to draw fresh water from the 16 gallon tank and create the pressure to run the system. It uses precision metering tips to accurately dilute two chemical concentrates from the attached jug rack and projects one chemical as wet foam, a second as a fan spray, and rinses. Perfect for precision cleaning in small areas where water pressure is unavailable.

Key Features

- Completely self-contained Foam/Rinse/Sanitize system
- Powered by a rechargeable battery and 12V pump
- Projects wet, clinging foam, chemical spray and rinses in a fan pattern for quick coverage
- Micro-Flow Injector restricts water flow to maximize run time per tank
- Unique machined polypropylene suction lids prevent spillage from chemical bottles
- Heavy-duty EZ trigger gun with stainless steel quick disconnect for switching between foam and spray nozzles
- Adjustable Bullet foam nozzle (spray/stream)
- Non-marking tires

Includes

- All stainless steel 4-wheel cart, pump enclosure and integrated hose rack
- Non-marking tires with stainless steel swivel casters
- 2 stainless steel jug racks with suction lid assemblies
- 12V pump with battery, charger, and charge meter
- 16 gallon, wide-mouth, HDPE water tank
- Machined polypropylene Micro-Flow Injector
- 20 color-coded precision metering tips to set dilution ratios
- 25' hose, trigger gun with discharge assembly
- Quick connect adjustable airless foam nozzle
- Quick connect spray wand with fan nozzle

Options

Alternate Check Valve - EPDM Standard

Check Valve, Chemical, PP/Viton, 1/4"

491315

APPLICATIONS

- Supermarkets
- Food & Beverage
- Janitorial/Sanitation
- Pharm/Bio
- School Hygiene
- And Many Other Applications!

REQUIREMENTS

Foaming & Sanitizing Chemical Concentrates

Water to fill 16 Gallon Tank

Water Usage Rates:

Foam	0.5 GPM
Rinse	1.5 GPM
Sanitize	0.5 GPM

Hose 3/8" x 25'

Nozzles:

Foam	#10 Bullet Foam Nozzle
Rinse	2510
Sanitize	2510
